Principal

STATEMENT OF INTEGRITY 2007 – 2008 SCHOOL YEAR

The Social Studies Department of the Smithtown Central School District expects the highest conduct from its students. We encourage all of our students to work hard and to do their own research and writing for homework, special assignments or projects. Any evidence of plagiarism will result in no credit for the assignment. Assignments are considered to be reflections of an individual's work unless otherwise instructed by the teacher. If a student is caught using material that he or she did not create themselves, the student will not get credit for the paper, project, etc.

Exams and other assessments should be considered opportunities for a student to show what he or she has learned over the course of the unit, semester or year. During any assessment, if the student is caught using any kind of electronic device (including but not limited to cell phones) or has an electronic device out, the student will automatically fail the exam. Therefore, cell phones and other electronic devices should be left at home or in the student's locker during exams. In addition, attempting to give or receive assistance in any form during an assessment will result in a failing grade for all parties involved.

I have read and understand the expectations and consequences as stated in the above.
